You work hard to provide the best child care service you can.

You ensure a long term relationship with your parents through creative and novel opportunities you offer at your facility.

So why not consider a unique photographic experience that will bring them untold pleasure?

That experience is Vintage Photography as provided by **United Portrait Studios**

## What is Vintage Photography?

We bring the costumes. We provide the props. And we place your child and/or you and your family in a setting of yester year that is near and dear to your hearts.

The photos are then processed in old-time sepia and enhanced to add just a spark of color.

Because the children are in make believe settings, having tea parties or playing the ukulele, our photos capture a sense of them that is truly heart warming. They are photos your parents will keep for a lifetime.

Share our photos and stories on the web!

We know you may already have a photographer, but what we're offering is a special photographic experience.

### Listen to what people say about United Portrait Studios:

#### From Owners and Directors:

"United Portrait Studios did an outstanding job for my children, parents, and my center. When Bert and Christina say they will do something, you can count on it. I look forward to having them back for years to come." Michelle Floyd - Owner/Director Brown Bear Child Care and Learning Center, Tupelo, MS

"United Portrait Studios did everything they said they'd do and a whole lot more. I can't recommend them highly enough." Ralonda Smith—Owner/Director, Love and Care Childcare Center, Columbia, TN

"I've had a lot of photographers in my center through the years, but none like United Portrait Studios. Not only did they do an outstanding job, but when they were done I felt like part of their family." Rachel Frees, Director, Bright Beginnings South, Jackson, TN

#### From Parents:

"I asked if they could turn one of my photos into a 30x40 framed portrait that I could hang over my fireplace. Not only did they do it, they delivered it to my house. United Portrait Studios does impeccable work. I recommend them unconditionally." Susan French, Clarksville, TN
